3 LT. GOSHERN: Welcome to the public hearing on
4 the Proposed Regulations for Designation of Routes for
5 the Through Transportation of Highway Route Controlled
6 Quantity Shipments of Radioactive Materials.

7 For purposes of the record, today is Tuesday,
8 June 21st, 1994, and it's approximately 1:00 o'clock
9 p.m. This hearing is being conducted at the California
10 Department of Health Services Auditorium at 744 P
11 Street, Sacramento, California.

12 I'm Lt. Mike Goshern from the Hazardous
13 Materials Section of the California Highway Patrol. The
14 Hazardous Materials Section is coordinating the
15 development of these regulations. With me are Sgt.
16 Harry Kallabis and Officer Kevin Livingston from the
17 Hazardous Materials Section.

18 The purpose of this hearing is to accept
19 public comments on the proposed regulations. These
20 regulations are being adopted pursuant to Section 33000
21 of the California Vehicle Code which mandates the
22 California Highway Patrol to adopt regulations necessary
23 to implement through routing of highway route controlled
24 quantity shipments of radioactive materials.

25 The Federal Government has established all

1 interstate highways as approved routes. The California
2 Highway Patrol is proposing to designate only certain
3 specified routes necessary for the through
4 transportation of highway route controlled quantity
5 shipments of radioactive materials.

6 Copies of the proposed regulations are
7 available for viewing on the table.

8 Please note that the CHP's authority in the
9 proposed regulations are confined to the establishment
10 of routes. The CHP has no authority to prohibit the
11 transportation of radioactive materials in general, to
12 decide if we should have nuclear power, to specify how
13 radioactive activity materials shall be transported, or
14 to designate specific routes for pickup and delivery of
15 radioactive materials.

16 Therefore, we must ask that your comments be
17 restricted solely to concerns specifically regarding
18 proposed regulations.

19 In order to allow equal time to all persons
20 providing comments during the hearings throughout the
21 State, we further ask that your comments be limited to
22 approximately ten minutes.

23 Responses to the concerns raised during the
24 hearing and those raised during the public comment
25 period will be addressed in our final statement of

1 reasons. Please be assured the CHP will carefully
2 consider all comments and recommendations.

3 If you will sign in on the attendance sheet,
4 your name will be added to our mailing list and you will
5 receive a copy of the final statement of reasons when
6 released.

7 As a reminder, any interested persons can
8 submit written comments on the proposed regulations
9 during any of the four public hearings. Supplies
10 necessary to submit written comments are provided on the
11 table.

12 Persons desiring to provide oral comments
13 today were requested to notify us in advance and will be
14 given first opportunity to be heard. Any other persons
15 wishing to provide comments will also be given the
16 opportunity to do so. If you wish to testify today and
17 have not already notified us, please complete the
18 "Request To Testify" form on the table and provide the
19 completed form to Officer Livingston.

20 Are there any questions regarding the
21 instructions I have just read or on the instruction
22 sheet that has been provided?

23 (No response)

24 (Hearing remained open; no speakers)

25 LT. GOSHERN: It is now 2:00 o'clock p.m. and

1 no one has arrived to provide testimony. Since there
2 are no persons wishing to give testimony, I hereby
3 declare the public hearing concluded.

4 (Hearing concluded at 2:00 p.m.)
